All EMA payments will be paid directly into a bank, building society or credit union account in your name.

Before we can make payments:

We can't pay you until you have signed your EMA Agreement and your school/college has confirmed that you are in attendance.

I want to change my bank, building society or credit union details?

You can update your details by calling us on **0300 200 4050**.

If your school confirms to us that you've been in attendance then we may text you to let you know about your EMA payment.

What if I need someone to help manage my finances?

What if my circumstances change?

You need to tell us straight away if any of your details change, for example:

- your household income
- your school or college
- your course
- your contact details
- your bank, building society or credit union details

If your circumstances change, you should call us - **0300 200 4050**

Information for parents

To work out if your son or daughter is entitled to EMA we need to know your household income for tax year 2021-22. We've put together some questions and answers about providing your income details.

Whose income is taken into account?

We take into account the income of the following people the student normally lives with:

- parent(s)
- step-parent(s)
- guardian(s)
- mother's partner or father's partner

We don't take into account the income of adult brothers or sisters or of parents, step-parents or guardians who don't normally live with the student.

What kind of financial information will I need to give?

We'll ask for your National Insurance number and for your income details from tax year 2021-22. We'll confirm what you've given us with HM Revenue and Customs and may contact you to send evidence if we need it.

What if my income has dropped since tax year 2021-22?

You can tell us about this as part of your application, you'll need to send evidence to support this and the application will tell you what you need to send.

If my son/daughter gets EMA will it affect my benefits?

EMA will not affect any benefits currently paid to your household.

Can my son/daughter's EMA payments be paid to me?

EMA is awarded to the student so payments must be made into the student's bank, building society or credit union account. In some exceptional circumstances we would pay EMA into an authorised third party's account, before agreeing to this we'd need to see evidence that this person is authorised to hold funds on the student's behalf. The application form will have more information about this.

What does my son/daughter need to do?

They need to:

- send back the completed application form attaching all evidence needed;
- wait for an Award Letter to be received by post;
- sign their EMA Agreement with their school or college;
- follow their school or college's attendance rules;
- check their bank, building society or credit union account for EMA payments being made.
